Welcome....

On Behalf of everyone at Lazy S, we are honoured to invite you to join us at Noon, Saturday January 27, 2024, at the Ranch, for our 55th Annual Bull Power Sale.

December 18/23 as we sit down to write the Welcome page, we have no snow...Cows are doing well running out on grazing pastures with left over grass, winter has been milder than normal. The spring of 2023 saw a drier than normal beginning, then the fires began in our area, fortunately we didn't lose any infrastructure or livestock to the fires. Hay crops yielded poorly, then the rain came early enough to allow the silage and grain crops to mature nicely.

At Lazy S we are a 3rd generation family farm that makes our living solely from our ranch and cowherd. It takes a great set of cows to produce quality bulls & females, 55 yrs of top genetic selection has resulted in a tremendous cowherd that we are very proud of, females are sound easy fleshing, deep bodied, with good udders & feet & temperament. All are polled & solid coloured or blaze face for many generations and rank top of breed for Calving ease, Maternal Calving ease, Performance, Carcass and high maternal traits. Top end replacement heifers are retained and go into the herd annually, resulting in a young & highly productive cowherd. Fertility is important to us, our Calving season starts Feb1 and runs till end of March, in which 74% of cows calve on first cycle.

We have a strong herd health protocol in place with a closed herd. The only outside cattle introduced are a few herd sires from reputable ranches, Please see page 3 for Herd Health & Vaccination Protocols for the herd.

We invest in the best herd bulls that the industry has to offer, and we collect semen on our top end home raised sires as well as ai sires. The majority of our sires are exclusive to Lazy S and are not available elsewhere. We offer a large selection of polled look-a-like groups to choose from, genetically engineered to add muscle and rapid growth. Check out our website www.lazysranch.ca

BULLS ARE BRED AND FED TO LAST

Bulls are raised on Milk & Grass NO Creep feed or Pampering - After weaning bulls are started on a balanced TMR growing ration designed for growing not fattening, we do not feed Barley. Bulls have tremendous hair coats.

No bulls have been sold prior to the sale. Sale bulls will be videoed in January and video's posted on our website www.lazysranch.ca as well as www.dlms.ca & cattlevids.ca around mid January weather permitting. You are welcome to view the bulls anytime, but it is best after Jan 20 as the lot tags should be in the bulls by then. If you are in the area stop in anytime, Catalogs will be at the house in the porch. Stop and grab one and check out the great line-up of bulls we have to offer. Lunch and refreshments will be provided sale day.

Many thanks to family and friends for the help making the sale a success.

We look forward to seeing you on Saturday, January 27th, 2024.

BULL POWER 2024 WILL BE A 100% VIDEO SALE

We decided to go with a Video sale for many reasons!

- Easier on the bulls
- More controlled temp in barn without doors open moving bulls in and out
- Less help required to run a video sale
- Bulls will be penned same as previous years on west side of sale barn for easy viewing!
- We do all our own pictures and Video for the sale. We do not hire a professional photographer to picture and video the bulls
- We encourage everyone to view the Video ahead of the sale - www.lazysranch.ca, check out the website while you are there, it has a ton of info about the ranch and genetics on offer. If you don't have a good internet connection please call for a USB flash drive stick.

BULL DEVELOPMENT

To our valued customers and potential buyers :

The proper care, feeding and management of a young sire ensures that you will be satisfied with the return on investment. Bulls after weaning where running out in big paddocks where they have lots of room to roam, they where brought into their current feed pens which are good sized pens for picturing in December.

In addition to their regular forage diet, the Lazy S Cow Herd is on a balanced mineral program year round. This is the basis for healthy offspring that do the job year after year. Bull health and viability starts with colostrum they receive at birth and continues through life based on solid nutrition and management programs and practices.

Lazy S Bulls are raised on a balanced forage based Total Mixed Ration (TMR). The goal of the TMR is to give buyers a glimpse of the performance potential of the Bull's offspring, but not to maximize performance of the Bulls. Although maximum performance numbers do look impressive on paper, they are not correlated with longevity of the Bulls. We believe in our long term practice of not feeding high amounts of grain to the Bulls - Barley is never fed to our Bulls.

The Lazy S Bull Ration TMR also is fortified with various proteins, digestible fibres, organic trace minerals, yeast and vitamins, all of which aid in developing Bull's with strong bodies, healthy rumens, good immunity as well as increased testicular development and semen quality. Lazy S Bulls are raised to be well muscled, deep bodied and ready to go to work on the range.

Sincerely
Jamie McAllister, Ruminant Nutritionist

HERD HEALTH AND VACCINATION PROTOCOLS

We feed our own bulls, background and finish our own steers and heifers not kept for breeding stock. We also collect the carcass data on the finished cattle, which is valuable information in our selection process. Cows that come up open along with any we have culled go directly to the plant. We do not rebreed them.

All Breeding stock are on a strong mineral program to aid in their reproductive performance.

Annual Vaccination protocols for the cowherd and herd bulls include:

Cow & Herd Bull Vaccinations: Express FP5, Covexin plus, Scourguard 4kc & Ivomec.

Calves Vaccinations: Spring and Fall: Pyramid FP5, Vision 8 Somnus, Presponse HM and a booster of all three.

Calves at birth are weighed and tagged within 8 to 12 hours old then given: Once PMH (a preventative nasal vaccine for bacterial pneumonia), Toltrazuril (a preventative for Coccidi) Selenium, & Vitamin A/D

Introducing...

The Lazy S Red Simmental Bulls in this offering are multi-generational red and polled... solid colored or blaze face, sired by breed leaders that rank at the top of the breed for calving ease, birth weight, performance, maternal calving ease, marbling, REA and yield grade.

At Lazy S the majority of the herdsire bloodlines are exclusive to Lazy S Ranch and cannot be found elsewhere.

Lazy S Red Simmental bulls are fast becoming very popular among commercial cattlemen seeking an alternative to other breeds of cattle to strengthen performance, marbling, REA, yield grade and maternal power. Lazy S-sired red Simmental genetics will give you that extra punch and increase your gains on grass and in the feedlot.

HOMO POLLED

Bossman 71G is a blood red bull, with tremendous depth of body. He is homozygous polled, easy fleshing and great footed. Great traits that you see in his calves.

BLACK SIMMENTAL

Introducing...

At Lazy S, our Black Simmentals are multi-generational black and polled...solid with a select few blaze face. Birth weights are moderate, calves are born easy and are vigorous at birth. Herdsires are selected for superior performance and maternal traits, fleshing ability, soundness of feet and legs with solid carcass performance. Buyers looking for good black-hided calves that excel on grass and in the feedlot, that marble and yield...Black Simmentals are proven to do just that. They also work extremely well in a crossbreeding program with British-based cows, such as Angus and Hereford - daughters will have retained heterosis and added productivity.

The Lazy S Black Simmentals Bulls in this offering are a tremendous set of bulls, they have great hair coats, they are strong topped with lots of rib and hip, and offer outcross genetics only found at Lazy S. There are a few two star heifer bulls, you will love the way they calve.

LAZY S RANCH 2024 BULL POWER

Introducing...

Lazy S SimAngus Beefmakers.. CROSSBREEDING MADE SIMPLE! Now more than ever, cattlemen should consider the strengths of utilizing a SimAngus bull(s) in your breeding program. Our SimAngus have demonstrated time after time their ability to add growth, extra muscle and exceptional performance, while maintaining the moderate size, maternal strength, calving ease, and superior marbling and yield grades. Crossing the best of our Red and Black Simmental with Red and Black Angus enhances maternal performance and carcass traits. Notably the largest benefit will be the superb set of look-a-like females you will be creating using this blend of genetics that offer improved reproductive efficiency obtained through heterosis (hybrid vigor) with breed complementarity.

We have created groups of bred alike half and three-quarter brothers in varying percentages, allowing our customers an excellent selection to best fit their management and marketing needs. From straight F1's to high-percentage Angus, or high percentage Simmental-influenced bulls, we have a nice selection for you to choose from... all packaged in a look-alike polled breed group.

Sire W

Off topic is our go to heifer bull, calves great, backed by a cow family that has raised more high sellers than any other.

RED ANGUS

Introducing...

At Lazy S our Red and Black Angus Genetics are selected for calving ease, performance, maternal traits and soundness of feet and legs. They have an abundance of muscle, hip and top along with a reputation of exceptional carcass merit. If you're needing heifer bulls, many of these sale bulls have generations of built-in calving ease, top and bottom, and rank in the top 10% of the breed for BWT and CE.

This year highlights black bulls out of two of the top performance bulls in North America, Schiefelbein Attractive and SAV Renovation, along with many other proven red and black sires. Whether you are needing a cow bull or heifer bull this group of red and black Angus will meet your needs.

Thank You!

We would like to Thank everyone who came out and supported us at our 2023 54th Annual Bull Power Sale, we are extremely pleased with the strong interest buyers and bidders showed in our program. Words cannot express the gratitude we feel to each and every buyer and bidder, friends and neighbours who made our sale a huge success.
